

## Journal list

Please add the Journal of Futures Studies to the list of credible sources, preferably directly behind Futures, and Foresight, in the list:

Journal of Futures Studies, <http://www.jfs.tku.edu.tw/sarticles.html>

I would have added it myself, but apparently only administrators have permission to edit this page.

I agree; they should be added. Indeed, only the administrator has the permission to add them.--[Dan Grosu](#) 06:46, 16 April 2010 (UTC)
