

Template:/doc

Stop!

If you are viewing this page, you may not be aware of Foresight Wiki's **template documentation pattern**. Template documentation subpage should be prefixed by the name of the template. Create the /doc for your template on page:

Template:TemplateName/doc.

Examples:

bad

good

Template:/doc Template:TI/doc

Template:/doc Template:Non-free media/doc

Template:/doc Template:ArticleHistory/doc

Thank you.
