

*Polnewver* template is used to create a link from a current policy page to the new policy version page.

## Usage

```
{{Polnewver|Link to policy}}
```

## Example

```
{{Polnewver|http://forwiki.eu}}
```

produces

This page and its talk page discuss a proposed new version of a policy, but is not itself a policy.  
The actual policy is <http://forwiki.eu>.
