

## Template:Resize/doc

Template to aid switching the font-size used for a text string.

### Syntax

```
{{resize|N|text}} or {{resize|text}}
```

*N* specifies a size, such as "90%", "1.2em", etc. For the default case (the second above), *N* is set to "90%".

### Examples

```
{{resize|1.2em|This text is 0.2em larger than  
normal}}
```

**This text is 0.2em larger than  
normal**

```
{{resize|80%|This text is 80% normal size}}
```

**This text is 80% normal size**

```
{{resize|This text defaults to 90% normal size}}
```

**This text defaults to 90% normal  
size**
