

[\[edit\]](#) [\[purge\]](#)  [Template documentation](#)
This documentation transcluded from [Template:Splitspan/doc](#)([edit](#) | [history](#))

Usage

Wraps the given arguments within `span` elements that are aligned and floated to the left and right. The optional parameters, *lw* and *rw*, set the widths of the left and right spans, respectively.

Example

```
{{Splitspan|Text|Another text}}
```

produces

Another textText
